Advanced Features Overview:

1. Managing Columns

In the 'Columns' dropdown, you'll notice checkboxes. Checking these boxes determines which columns are displayed on the page. Once you've made

your selection, click the 'Apply' button to update the listing view. The view will reflect your choices.

Note: If you want to revert to the original settings, there's a 'Reset' button. Click it, and all customizations will be reverted. Remember, if you've already applied changes and want to undo a few, you'll need to manually deselect columns.

The screenshot shows the GRIDLEX application interface. On the left is a sidebar with navigation options like Inbox, Emails, SMS, Calls, Auto Dialer, Zip CRM, Opportunities, Activities, Organizations, Contacts, Schedule, Campaigns, Contracts, Events, Zip Service Ops, Dashboard, Records, and Sites. A dropdown menu is open over the table, showing options for sorting (Ascending/Descending), columns (with a search bar), and filters. The 'Apply' button is highlighted with a red arrow.

2. Using the Filter Feature

The filter is a powerful tool to streamline your displayed data. Whether you have a keyword, date, or specific criterion, the filter will help you narrow down the list. For example, let's say you're interested in a Record with the subject "Clinical Trial Agreement," enter this keyword in the "Record Subject (Subject)" filter section. Next, specify whether the keyword should match all criteria (AND) or any of the criteria (OR). After setting your conditions, click on the 'Filter' button.

The screenshot displays the GRIDLEX application interface. On the left is a dark blue sidebar with navigation links: Inbox, Emails, SMS, Calls, Auto Dialer, Zip CRM, Opportunities, Activities, Organizations, Contacts, Schedule, Campaigns, Contracts, Events, Zip Service Ops, Dashboard, Records, and Sites. The main area shows a table with columns: Record ID, Created On, Record Subject (Subject), Status, Priority, and Labels. A dropdown menu is open over the 'Record Subject (Subject)' column, showing options for sorting (Ascending, Descending) and filtering. The 'Filter' button is highlighted with a red arrow. The table contains several records, including 'Appointment Confirmation', 'BioPharm innovations Collaboration Agreement', 'Clinical Trial Agreement', 'Delivery Status Notification (Failure)', and 'Intake Form- Christina Bells'.

Record ID	Created On	Record Subject (Subject)	Status	Priority	Labels

127	May 16 2022, 6:03 PM	Intake Form- Robert Shore	Invalid Form Details	Critical	Southwest

Note: For a fresh start, you can wipe all the set filters with the 'Clear Filters' option.

If you need your data offline or in a spreadsheet format for further analysis, the ‘Export to Excel’ feature is your friend. Click the ‘Export to Excel’ option. A spreadsheet will be automatically generated and downloaded, mirroring your current listing view, including filters, column choices, and positions.
