

The chart of accounts is the list of all the financial accounts included in the financial statements of a company. It provides a way to categorize all of the financial transactions that a company conducts during a specific accounting period. The main account types include Revenue, Expenses, Assets, Liabilities, and Equity. Gridlex Sky allows users to view a list of accounts and their balances in the system. It is a great way to track your finances and ensure that all your accounts are in order.

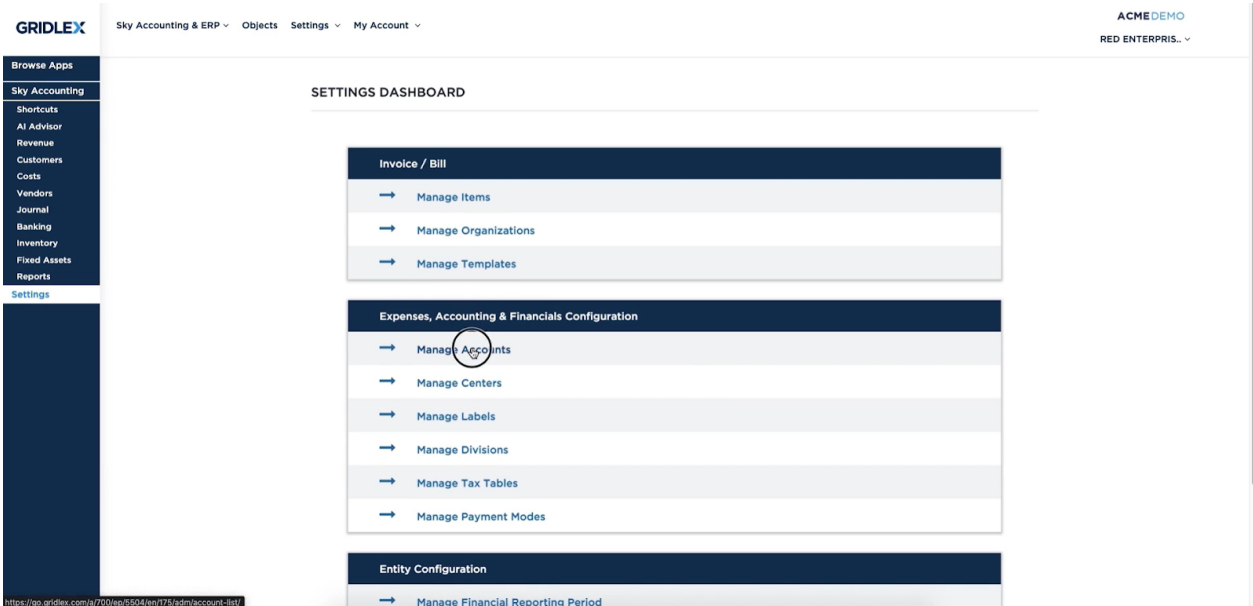

If you need any help with any feature, data migration of your old accounting data, questions on Chart of Accounts (COA) or anything at all, just email apps@gridlex.com, and our team of expert accountants will be here to help you. Remember, that one of Gridlex's core values is Customer Success. We want you to be successful.

How to Create a New Account?

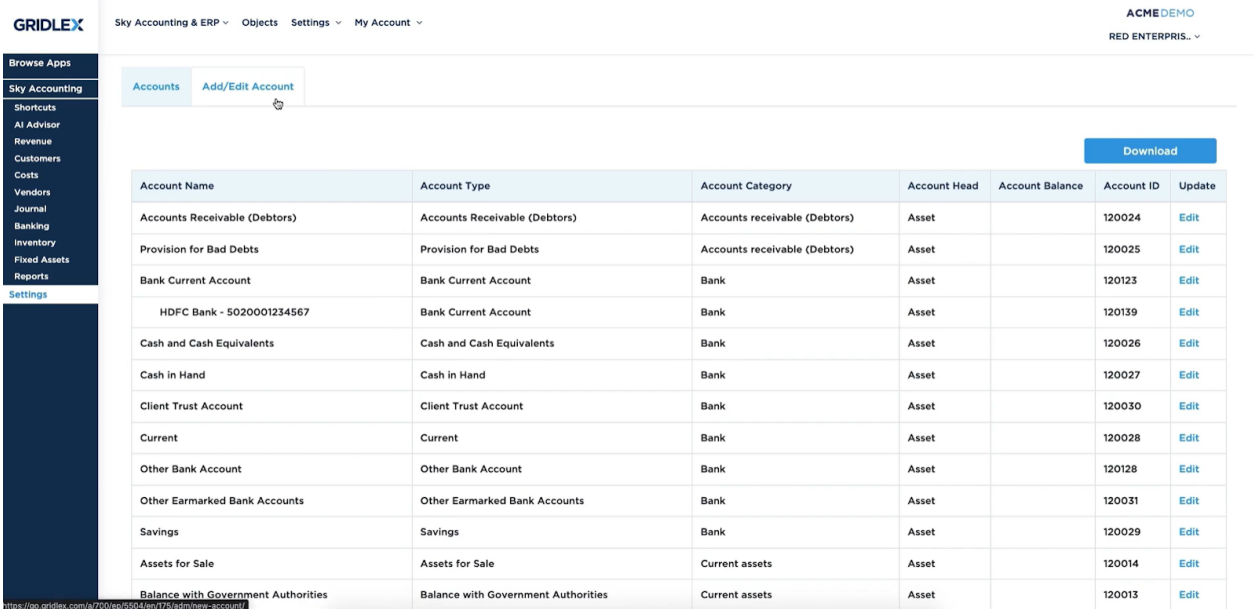

Step 1: Login into your Gridlex App Suite Account and choose the entity of your choice where you want to create and manage your Chart of accounts. Go to the settings tab to make the required changes.

The screenshot displays the Gridlex Sky Accounting & ERP settings dashboard. At the top, the header includes the Gridlex logo, navigation links for 'Sky Accounting & ERP', 'Objects', 'Settings', and 'My Account', and a user profile for 'ACME DEMO RED ENTERPRISE'. The left sidebar shows a menu with 'Settings' highlighted. The main content area is titled 'Shortcuts' and features a help message box, a section for 'Shortcuts for Common Tasks' with sub-sections for Revenue, Costs, and Other, a 'Reports' section, and a 'Setup Configuration Tasks' section with various update and configuration options.

Step 2: In the settings dashboard, click on “Manage Accounts”

Step 3: Click on the Add/Edit Account.

Step 4: Fill in the required details like the Account Head, Account Type Detail, Account Name, Parent, Opening Balance Amount, Opening Balance Type, and Date. After filling in all the required details, click on "Save" to confirm the mentioned details.
